we makes your dreams better...

WE MAKE YOUR DREAMS BETTER..

Introduction

After serving and delivering the vast market of **WPC** (wood plastic composite), **AVS Industry (adowoods)** launched a new digital revolutionary products range under “**AdoSurface**” having strategic partnership with “**Yashvi Agro Industries Pvt. Ltd.**”

Yashvi Agro Industries is established with an aim to provide best of the services at effective cost without compromising the **QUALITY** of the product, in **Interior and Exterior** Industry.

At **AdoSurface**, we employ latest technology with a sophisticated team of professionals and in house adaptable technology and features spread over an area of 30000 sq ft.

We are the prominent manufacturer, trader and supplier of our qualitative **Digital Series products** comprises of – **Digital Doors, Digi-Glass, Digital WPC products, ACP panels, MDF, Tiles, PlyBoard, Acrylic Sheets, Metal Sheet, and Development of other products is still on.**

FAQ about ADO Surface production:

1. What kind of stickers you use?

There are no stickers! Images are printed **DIRECTLY** to the **GLASS**, which gives you completely different finish – there are no bubbles, or loosed ends, or uneven edges.

2. What is the lifetime of the coating?

“**ADO Surface**” TM Inks has 8+ point light fastness rating, which is the highest according to international scale. Which means it is anti fading and has a long lasting life.

3. If your chemical smells?

Ecological compatibility of our inks (not chemical) is confirmed by hygienic certificate.

Its completely smell free. Moreover due to special silver Nano particles printed image has anti-microbes ability.

BUSINESS ASSOCIATES :

a new vision for
digital doors

Introduction :

Yashvi Agro Industries having a strategic partnership with AVS Group (“ado woods”) which has earlier set up a new standards of success in **Wooden Plastic Composites (WPC)** in India. **YASHVI AGRO INDUSTRIES AND AVS GROUP PARTNER IN “ADOSURFACE”**

We, “ADOSURFACE”, are a prominent manufacturer, trader and supplier of qualitative digitally designed **DIGITAL FLUSH DOORS, WPC products** (wall panel, wooden floor, false ceiling, etc), **GLASS highlighters**, and **ACP panels**. These products are used both in **EXTERIOR and INTERIORS**, buildings and construction industry.

FAQ about ADO Surface production:

1.What kind of stickers you use?

There are no stickers! Images are printed **DIRECTLY** to the **SURFACE**, which gives you completely different finish – there are no bubbles, or loosed ends, or uneven edges.

2. What is the lifetime of the coating?

“ADO Surface”™ Inks has 8+ point light fastness rating, which is the highest according to international scale. Which means it is anti fading and has a long lasting life.

3. If your chemical smells?

Ecological compatibility of our inks (not chemical) is confirmed by hygienic certificate. Its completely smell free. Moreover due to special silver Nano particles printed image has anti-microbes ability.

Specifications & Special Features :

Prefinished with latest trendy colors no need of further painting and Varnishing	Scratch Resistant
Water or Damp Proof	Customizable
Termite Proof	Optimum Effectiveness
Long Lasting	Designed
Maintenance Free	Cost Effective

FLUSH DOORS QUALITY :

Through out the manufacturing process to finishing we focused our quality rather than quantity. As our doors are totally **PINE WOOD** finish from framing till fillers used(Frame of PINE wood and fillers are blocks of pine wood), no powder or saw wood dust has been used throughout the process. This provides us the **A GRADE** finished product.

SPECIFICATIONS :

-30mm to 45mm thickness available.

-Length and Breadth can be customized to any odd size(irrespective of standard sizes).

-4mm Ply used both sides for pressing .

FINISHING PROCESS :

Firstly **DOORS** are **CHEMICALLY** treated for **WATER** and **TERMITE** proof, then **pre-coating** done before **DIGITAL FINISHING** process and at last a **post-coat** is applied, then we get the final - **A GRADE** finished product.

COMPARISION WITH OTHER GRADES :

FLUSH DOOR	AdosurufaceOther	Similar Products
Durability and long lasting	Highly	Medium
Water and Termite	Proof	Resistant
Maintenance	No need	At Regular Interval
Veneer finish	No need (cost effective)	Costly, Requires finishing
Mdf finish	No need	Less durable, Quality degrade
Vinyl finish	No need	Vinyl teared after a time frame
Customizable	Any Size	No
